Dear John,

I just wanted to write a note to enclose with the final payment for the work you all did on tiling our master bathroom shower and floor. I found everyone who worked on it extremely professional, tidy and congenial.

I sent an email to my neighbors in the Holland Crossing neighborhood recommending your company.

Please also extend my thanks and commendations to Mosiac Tile, who I also would recommend to anyone.

I know that it took a long time for us to make up our minds about what we did or didn't want to do, so I especially thank you for your patience and fast responses, John.

Sincerely,

A handwritten signature in cursive script that reads "Sandy Block".
